PROFILE

I'm a Front-End Developer skilled in HTML5, CSS3, JavaScript, and React.js, with experience building responsive web pages, interactive UI features, and API-integrated projects. With a strong understanding of DOM manipulation, Git/GitHub, and mobile-first design.

PROFESSIONAL EXPERIENCE

GoMechanic | GMB Executive

(Aug 2024 – PRESENT)

- Worked on SEO-focused business listings while gaining practical exposure to website layout, usability, and user behaviour.
- Suggested improvements in page structure, content placement, and frontend presentation for better user experience.
- Understood how responsive design, clear UI, and SEO-friendly structure impact online visibility.
- Developed strong problem-solving, communication, and team collaboration skills.

Netcamp Solutions Pvt. Ltd. | Frontend Developer Intern

(Jun 2023 – Sep 2023)

- Built static web pages using HTML, CSS, and basic JavaScript during internship assignments.
- Practised responsive layouts using Flexbox, CSS styling, and structured page sections.
- Worked on JavaScript basics including DOM manipulation, event handling, and interactive UI behaviour.
- Explored networking and Android development fundamentals as part of technical training.

PROJECTS

Responsive Website

- Developed a fully responsive website using HTML and CSS.
- Implemented modern layout techniques like Flexbox and Grid.
- Ensured mobile-friendly design and cross-device compatibility.

Rock Paper Scissors Game

- Built an interactive Rock Paper Scissors game using JavaScript.
- Implemented game logic, user input handling, and real-time result display.
- Enhanced user experience with dynamic UI updates.
